IN RE: ONE CALL COMMUNICATIONS, INC., d/b/a OPTICOM	DOCKET NO. TF-02-109
---	----------------------

ORDER APPROVING TARIFF REVISION

(Issued April 5, 2002)

On March 14, 2002, One Call Communications, Inc., d/b/a OPTICOM (One Call), filed with the Utilities Board (Board) a proposed tariff revision, identified as Docket No. TF-02-109. One Call is designated an alternative operator service (AOS) pursuant to Iowa Code § 476.91. One Call requests the Board approve its proposed tariff revision outlining four new products designated as Hospitality Special, Hospitality Special II, Max Five, and Hospitality 800. One Call states that the proposed rates for these products are at or below AT&T Communications of the Midwest, Inc. (AT&T), rates for similar services. One Call also requests that its proposed tariff revision become effective April 15, 2002. No objections to the tariff revision have been received by the Board.

Board rule 199 IAC 22.12(1)"b" provides that the Board will approve, without specific cost studies, "[t]ariff filings of AOS utilities that propose rates at or below the corresponding rates for similar services of utilities whose rates have been approved by the board in a rate case or set in a market determined by the board to be

competitive." The tariff filing submitted by One Call demonstrates that the rates for the proposed products are at or below the corresponding rates for similar services by AT&T. AT&T's rates are set in a competitive market. Therefore, the Board will approve One Call's tariff revision.

IT IS THEREFORE ORDERED:

The tariff revision filed by One Call Communications, Inc., d/b/a OPTICOM on March 14, 2002, is approved and will become effective April 15, 2002, as requested.
